# PRESIDENT'S CHAT

BY WILMA MILLAGE

Hello ORTA members! I hope you had as wonderful a summer as we did. The trails were great this year and we spent many hours on the new Western section of the trail introducing it to ORTA folks and getting to know the area residents who may be fellow members in the future. What a beautiful area of trail!

Brian and I completed our first chapter E2E for Caledon and by the time this note comes out we will have also finished the King Chapter. I am looking forward to seeing sections of trail that I have not been on for years as we lead folks across the entire 270+km of main trail on shorter, more moderate speeds than has been done in the past couple of years. You don't have to be planning to do the whole trail but you might want to join us as we cover some of the 'trail less travelled' on our treks. So often we only go to our favourite sections and forget about the rest. Look out for our next moderate E2E listings in the upcoming Spring Trail Talk.

By the time you read this the new data base should be up and running. I hope you have updated your personal information so that we have up to date files on all our members. We have found that many who originally didn't have an email address may now have one or may have changed it over the years. We are looking at being able to communicate more over the Internet and social media channels as we move ahead with this new membership information. Our goal is to increase membership and supporters, especially in the younger age brackets as we tap the new resource of early retirees coming from the Boomer generation.

There are several articles I would like to make sure you notice in this issue. Check out the article on the new Scugog Chapter. Monica Rothman and Jim Morrison are enthusiastic Co-Chairs of the chapter and they held their first chapter meeting in October. What an enthusiastic group of ORTA members attended the meeting! Our plan to re-generate our Chapters across the trail will enable us to be more in touch with local issues and have ORTA more visible in the various communities. Joy Cornell, one of our Uxbridge trail captains has submitted a poster for this issue, designed by her grandson. Cornelius Summer completed the Hike Leader course in October. See his write-up on why he wanted to become a hike leader. Now that we have two Hike Ontario certified hike leader trainers, Kevin Lowe and Brian Millage, we can put on courses as and when we need them for new hike leaders. If you would be interested in taking the course contact either of them for details on the next course to be offered.

We are looking forward to some great hiking and snowshoeing coming up in this quarter.

**HOPE TO SEE YOU OUT ON THE TRAILS!**

# SAVE THE MORAINE

POSTER BY NATHAN COOK

## Save The Moraine!

A major review of the Oak Ridges Moraine Conservation Plan is set for 2015 - educate yourself and get involved now before it's too late.

- Do you drink water?
- Do you like to hike, trail run or mountain bike?
- Do you live in Uxbridge?
- Do you like birds and other wild animals?

Then the Oak Ridges Moraine is important to you!

The Ontario governments conservation plan contain's nine objectives to help conserve the Oak Ridges Moraine. Essentially the government is trying to control growth by not letting people do whatever they want in the moraine and protecting species that live in the moraine.

I think the conservation plan is a great idea because it can help in so many different ways like help save habitats for so many animals, help keep 250km of hiking and biking trails for people and most of all help one of the most important water sources in Ontario. This is one of the most important ecosystems in Ontario and the conservation plan is helping keeping it safe from urban developers.

Many communities that occupy the moraine are developing and builders want them to grow bigger and bigger. This moraine is right in the way of their plans and many developers want to tear it down and replace it all with houses, office buildings and schools.

The conservation plan is already pretty good but I think that they should make it illegal to hunt or kill anything in this moraine. Also I think that the government of Ontario should just make a final decision instead of reviewing and changing the plans every 10-12 years. Protect this land forever!

The Moraine is a large ridge formed by 2 massive melting chunks of ice. As the ice melted a glacial lake was formed. The glacial lake produced a large amount of sand, gravel, clay, silt, rocks and boulders Known as a Water Barrel, one of its most important functions is as a water recharge/discharge area. The water collects deep in the gravel which cleans it and allows it to flow to 65 other streams and rivers and supplies water to thousands of people.

The Moraine runs from the Trent River in the East to the Niagara Escarpment in the West

*"Of course I was pleased when Grandson Nathan had to make a poster about the Moraine. It was an assignment for grade niners at Uxbridge Secondary School and some great posters were created. The important thing is that those young people are now more aware of the importance of this land form."*

-Joye Cornell

## INTRODUCING... CORNELIUS SOMMER

I have enjoyed my hikes with ORTA for many years, but especially since my retirement. Through my involvement, I noticed that there are times and areas when no group hikes are scheduled. Since going out on my own is a less interesting and less of a social affair, I decided to become a Hike Leader and share my enjoyment of some of these less travelled tracks of our trails.

In addition , as someone very much interested in botanical matters (and with some knowledge on the subject) I am looking forward to sharing my knowledge and showing some of the varied and wonderful plants, trees, and flowers. In sum, I think this is something I will enjoy doing and hope that you will join me for a hike soon!

- Cornelius Sommer

# HIKING END2END WITH ORTA

BY MALCOLM HANN

This year a group of ORTA hikers trekked the length of the Oak Ridges Moraine Trail.

## Congratulations!

All started with a personal challenge to 'do it' but that was task oriented, when all was said and done the hike became a way of life for 26 weeks of 2015.

All were apprehensive at the start on the morning of April 6th in the parking lot of the Palgrave Forest. Several hikers came from far afield - including one who traveled for each hike from Ottawa. Many hikers didn't know each other when the group gather for the first hike in the Palgrave Forest parking lot, but have since formed firm friendships.

Tales from each hike and pictures have been recorded on the ORTA website:  
<http://www.oakridgestrail.org/hikes/hike-diary-photos/> See 'E2E hike #\_\_'

Here are some of the highlights from our hikes:

- Having to use icers on Easter Monday
- Shoulder-high wet grass that was as good as hiking in a heavy downpour with the rain coming up!
- Crossing gumbo mud fields and submerged plank bridges
- One rainy day we found a café to sit for a spell to warm up and perhaps dry off slightly.
- In another place we took advantage of eating lunch on a golf club patio while absorbing the view of rolling hills to a distant lake
- Dusty sections of the trail where a face mask would have been handy
- All kinds of animals were seen, from pet pigs to exotic peacocks
- Viewing the preparations underway for the Pan Am games
- The ballet dancer hiker who delicately danced over muddy pools
- The red neck who demonstrated how a 4x4 effortlessly plows through deep muddy pools followed by a tremendous rooster tail from the rear wheels
- Long hot and humid days when 3 litres of water were barely enough and ice packs were placed in underwear to cool off
- While there was rain, but mostly the hikes were been blessed with beautiful weather.

But as with all good things, they come to an end. This challenge was completed with a hike into Castleton on September 8th. Wilma Millage welcomed us at the ORTA Kiosk in Castleton and helped the group demolish a celebratory cake, washed down by a melon slushy. Those who completed all thirteen sections of the hike received a congratulation letter from Wilma and the coveted E2E badge.

Of course the true satisfaction comes from realizing the personal goal of hiking the whole length of the Oak Ridges Trail and that was the best reward of all.

# THE SCUGOG CHAPTER IS REORGANIZING

BY BILL MORRISON

ORTA President Wilma Millage welcomed a very supportive group of local members who assembled in Port Perry on October 17, to reorganize and reactivate ORTA's Scugog chapter. About 35 local members in Scugog and the adjacent communities (including Whitby and Oshawa) had been contacted in advance.

Discussions focused on four key areas:

- Vision, and ideas on what the Chapter might do: broad discussion touched on included possible hikes and outreach activities, potential affiliations with other groups, and trail improvements
- Trail-related needs: discussion on how to approach the necessary trail monitoring and maintenance functions
- Publicity: Three geographical focal areas were proposed for publicity and communications: 1. Port Perry / Nestleton; 2. Brooklin / Whitby; and 3. Oshawa
- Events: A range of possible spring, summer and fall events to introduce ORTA and the chapter to the public were considered

Many individuals have already expressed interest in helping out with trail monitoring, maintenance, publicity and/or events.

Monika Rothman and Bill Morrison will be acting as the co-chairs for the reorganized chapter. Monika will focus on publicity and events, Bill will work at organizing the monitoring and maintenance of the trails, and hiking.

Anyone interested in learning more about what the Scugog Chapter, or wishing to become involved in its activities, can contact Monika or Bill.

# NEW - END2END - MODERATE STYLE

BY BRIAN AND WILMA MILLAGE

These last few years there have been several End2End series of hikes enjoyed by ORTA hikers and others sharing our beautiful trail. They have mostly been accomplished in a series of 13 speedy outings, each over 20km. Now Wilma and I are in the process of offering a similar challenge, but at a more leisurely pace. The Moderate End2End Series of hikes was initiated in September as fall colours started to appear- and what a view from our new west end trail! Bill Patterson has recorded some of our Caledon/King memories- thanks for the photos Bill! So far we have completed the Caledon Chapter and also the King Chapter (by the time you receive this). Each of our hikes is planned as a moderate speed/10-12km trek. We meet at the end point and do a short shuttle back to the day's start- then we're off.

This is one hike series where you don't need to sign up ahead of time or commit to every hike. It allows us to revisit sections of the trail not seen for quite a while or to fill in sections some of you may never have hiked. As we cross the Moraine we will trek through a wide variety of forests, fields and along country roads eventually arriving in Warkworth or Castleton at the far east end of the Oak Ridges Moraine Trail. Our series will take a break over the winter to avoid shuttles on snowy roads, but plan to join us again in the Spring. Look for the next scheduled hikes in the Spring edition of Trail Talk.

## SUSQUEHANNOCK LODGE and TRAIL CENTRE Hiking in the Highlands of North Central Pennsylvania

### NEW YEARS Dec. 28- Jan 1, 2016

Time to ourselves after the hectic season.

Outside everyday and a little longer by the fireplace.

### EASTER March 25 - 28

Welcome spring on the trails.

*The Lodge is located in Potter County, Pennsylvania, 2.5 hours south of Buffalo. There is no agriculture or industry in the area, just great trails. Daily hikes of 10 to 15 km are led through hardwood forest, many beside mountain streams. Our lodge provides comfortable accommodation & excellent meals for \$70.00 semi-private or \$75.00 private USD per day per person. These outings have proven to be popular with the lodge filling quickly.*

# ORTA WINTER 2016 HIKE SCHEDULE

**PLEASE TAKE NOTE OF HIKES LISTED ON THE ORTA WEBSITE. OCCASIONALLY THERE ARE ADDITIONAL HIKES OR CORRECTIONS ADDED AFTER PRESS TIME.**

- Remember that it is your responsibility to dress appropriately! Hat, gloves, gaiters, umbrella, may be needed. Wear sturdy hiking boots appropriate to changing precipitation and temperature; no cotton socks, use a liner sock plus a hiking sock. Dress in layers as conditions can vary widely within a short time or distance. Waterproof boots, jacket and pants recommended. Hiking poles optional.
- Keep these in the car: plastic bags for muddy boots, spare footwear, spare dry/warm clothes.
- Drinks and snacks recommended for all hikes and lunch may be needed for longer ones.
- Dogs: It is the hike leader's decision whether to allow dogs on hikes. If not specified in the hike listing, call the leader beforehand. Many landowners regulate that dogs shall be on leash. ORTA hikers and leaders will adhere to this policy. In all cases, dogs are expected to be well mannered and under strict control by their owners, out of consideration and safety for fellow hikers, other trail users and the environment.
- Winter Months: Late fall, winter and early spring are characterized by variable and unpredictable weather and trail conditions, in particular ice and snow. Conditions on the trail will often vary significantly from those outside your front door. For hiker and group safety, based on trail conditions, hike leaders may require participants to use icers or snowshoes to participate in the hike. If concerned, contact hike leader beforehand.
- In case of inclement weather, call the hike leader to confirm the hike.
- Be aware that parking areas are public places; refrain from keeping ANY valuables in your car.

**HIKERS SHOULD ARRIVE AT LEAST 15 MINUTES BEFORE THE ADVERTISED HIKE TIME.**

# DATABASE CHANGES

As you may be aware ORTA is moving to a new membership database system. It will bring numerous benefits for ORTA – better tracking of members and members interests, ease of application by new members, stronger renewal process for existing members, much simpler emailing capabilities, reduced staff time as well as significantly reduced mailing costs.

As part of that change, all members were recently sent a message encouraging them to log on to the ORTA site, create an account and update their personal information. If your membership has recently expired you are encouraged to renew your membership either by online payment or by completing the online registration and forwarding a cheque with your payment at your earliest convenience.

Again you are urged to register and set up an account so that we have accurate records of all our members.
